About Joyce A. Kimber

Joyce Kimber has written an excellent Biblical topic study book to share with the world. She has included several or all of the verses on each topic.

After becoming a part of Christ's church, the author has been involved in personal, regular and special Bible classes, workshops and training courses such as Fisher of Men (FOM) Evangelism Course, which efficiently prepared her to be a person to person evangelist.

She loves writing and plans to publish a second edition of her first book 'How To Know Christ's Church And Christian Living' and write many more books. She hopes this book will encourage others to also do in-depth Bible study.
